

TROPHY REVIEW GAME

PREPARATION INSTRUCTIONS

- Print out as many trophies as you need. The more trophies, the longer the game will last.
- Write numbers 1-12 (or however many trophies you have) on the back.
Recommendation: Write the numbers on a sticker or label so that they do not bleed through to the other side.
- Optional: Laminate trophies to make them last longer.
- If using with a flannelgraph board, hot glue a piece of Velcro to the back of each trophy.
- Print out the spinner. Cut out the arrow and the wheel.
- Optional: Laminate to make them last longer.
- Attach the arrow to the wheel by laying a paper clip in the middle of the wheel. Then stick brad fastener through a loop in the paper clip into the middle of the wheel. Fasten the legs of the brad fastener to secure. Clip the arrow to the other end of the paper clip. (You will probably need to make a hole for the brad fastener first.)

GAME INSTRUCTIONS

- Prepare a list of questions labeled 1-12 (or however many trophies you will be using).
- Choose a person from one team to come pick a trophy and spin the wheel.
- Whichever trophy number they receive is the number of the question from your list they will receive. The number of points from the wheel is how many points they will receive if they answer the question correctly.
