

ZONK REVIEW GAME

PREPARATION INSTRUCTIONS

- Print out as many ZONK circles as you need. If you'll be using a flannelgraph board, you only need to print out one as a template to trace on felt. The more ZONK circles, the longer the game will last.
- Print as many point squares as you have ZONK circles.
- Cut out the point squares and glue on the back of your ZONK circles. (Use hot glue gun for felt or a glue stick for paper.)
- Optional: Laminate paper ZONK circles to make them last longer.

GAME INSTRUCTIONS

- Lay out ZONK circles on board with points hidden.
- Ask a question to each team. Let the one who answers correctly come and pick points for their team. Player can pick as many points as he'd like. However, if player gets a ZONK circle, he loses all the points picked on that turn.
